Standards Program for Fraternities and Sororities

Brief Summary

Mission Statement:

There is a common set of principles to which all Greeks ascribe. The Standards Program at NC State aims to challenge the Greek Community membership to live up to those highest principles and ideals upon which our respective organizations were founded. Knowing that individual members' and chapters' actions reflect on all Greeks at NC State and nationwide, our Greek community can only be as strong as its weakest link. The Standards Program will challenge the NC State Greeks to have integrity – steadfast adherence to the oath we took as we made a lifelong commitment to our respective fraternity/sorority. By providing a set of standards that reflect these common principles, the Standards Program provides Greeks at NC State a level of accountability, with an opportunity to seek distinction. In the end, the goal of the Standards Program is simple. As members of fraternities and sororities, we should be better for our affiliation, the campus improved for our involvement, and the greater community enhanced for our contribution.
